AKERS & ARNEY AGENT LINDA BAXTER HELPS SENIORS WITH MEDICARE

Medicare Annual Election Period Runs Nov. 15 - Dec. 31, 2007

Branson, Mo. – Government sponsored healthcare coverage for seniors is a confusing subject and never more so than during the Annual Election Period for Medicare, which runs from Nov. 15- Dec. 31 in 2007.

In the Branson area, seniors can find help at Akers & Arney, one of three independent insurance agencies in Missouri to receive the coveted Best Practices Agency award in 2007.

Agent Linda Baxter recently joined the staff of Akers & Arney where she specializes in providing individuals and seniors with affordable health and life insurance solutions.

“Linda is a very knowledgeable and compassionate person and we’re delighted that she’s now serving the needs of seniors in the Tri-Lakes Area,” said President and CEO David Arney. Baxter has 14 years of experience in the corporate benefits and individual health and life insurance industry. She takes pride in helping seniors find the best coverage at prices they can afford.

“As we grow older and our health concerns change, it’s important for us review the policies we have in place,” Baxter said. “Taking advantage of Medicare’s annual election period is one opportunity for seniors to make sure they have the right supplemental coverage for their particular health needs. Often, we can even recommend plans that help seniors save money,” she said.

Among the Medicare plans Baxter counsels seniors on are the Missouri Senior Rx Program (now the Missouri Rx Plan), Medicare's Extra Help Plan, the Missouri AIDS Drug Assistance Program (ADAP), and the Medicare Savings Programs. Baxter also provides private

individual and small group health and life insurance solutions. To schedule an appointment with Linda Baxter at Akers & Arney, call (417) 334-5115.

Akers & Arney offers a full line of auto, home, boat, RV, and individual health and life plans along with corporate and small business protection including employee health and life benefits, bonds, and workers' compensation insurance. They also offer a full range of risk reducing services and solutions, as well as benefits cost reduction strategies to help lower operating costs and increase profitability. Their agents, who have over 250 years of combined experience, live in the Tri-Lakes area and are available to assist clients with claims 24 hours a day, 7 days a week.

Visit Akers & Arney in their new location at 201 Buccaneer Blvd. next to the Branson Junior High School in the Corporate Summit, or call (417) 334-5115.
